Yavapai County Board of Supervisors Approve 37 Water and Sewer Projects

On Wednesday, May 18, 2022, the Yavapai County Board of Supervisors approved the list of 37 Water and Sewer projects that will greatly improve the water and sewer systems of 21 communities throughout Yavapai County.

There were 67 project requests submitted, totaling over \$50,000,000. Yavapai County Board of Supervisors Chair Mary Mallory said, "It brings me great joy to know that funding these 37 projects will have a positive impact on our communities. Water and Sewer services are vital to every community, and I am excited to see how these grants will help improve these important services."

Not every project that is being funded will receive 100% of what was requested but Yavapai County staff has reached out to those organizations to ensure that partial completion of the request can be achieved with less than 100% of what was requested.

In the coming months, grant agreements between the County and the requesting organization, will be brought before the board for approval.
